It was decided that a letter be written to Senate asking for the library to be reopened during lunch hour.

e. Disturbances in the Library

f. Question of small common-room fee from part-time students & old students. Proposed Mr. Millington.

Seconded Miss Donnelly that the experiment should be tried with day students alone & that Mr. Hanny be approached for an opinion with regard to the right students. (carried)

Minutes of General Meeting of the Union in
the Assembly Hall on Tuesday, March 9th. at 123 p.m.

6 Mr Wickens was in the chair.

1. Minutes.

The minutes of the previous meeting were read & confirmed.

2. Business Arising.

3. Correspondence.

4. The Use of the Library for External Examinations.

The Chairman suggested the desirability of the Library for such examinations and that the importance of Finals was sufficient to warrant other students suffering a certain amount of inconvenience.

Mr Butcher suggested that it was equally important for all external examinations, and the Chairman replied that the library would be available for Finals or Intermediate.
for all examinations of an external character.

Mr Pay suggested that the regulations of the London

University concerning the use of the same desk by the same student were not always strictly enforced, but failed to prove any instances. ~~For~~

Mr Allison suggested that the entrances to the Seminars on the Ground floor be unlocked during the fortnight of the exams.

Messrs Francis & Marsh proposed that
"the Library be used for external examinations"

Carried with two dissentients.

5. A. O. B.

(a) Lost Property. The Chairman stated that there had been rather a lot of recent trouble & asked all students to be careful about such matters. He asked that all lost property be taken to the Beadle immediately.

(b) The Congress. The Chairman appealed to students to give their names to the secretary as soon as possible if they intended being present.

(c) The '32 Club. The Chairman outlined the aims & the recent history of the club; owing to the fact that there was considerable unrest in the college over the matter, the club had decided, in

the interests of the college, to disband. He stated that the Club did not interfere in Union elections except in so far as it discussed the position of Presidency, which any group of students in the college were just as likely to do. This could not possibly be done by S.C. since it would immediately become official. He suggested as an alternative ~~club~~ to the '32 Club, an open discussion meeting at which he would preside.

Mr. Jones suggested that the club ^{was} not complete because it did not contain the "cream of the college" as it had claimed.

Mr. Boymer ~~page~~ pointed out that rumours which overstepped the actual truth were probably due to the fact that it was very difficult to ascertain the truth about the club. He ~~then~~ suggested allowing any members of the Union to attend S.C. and A.U. committee meetings; additional publicity of Union affairs and a better agenda; he further alleged that members of '32 Club were pushed into jobs at the expense of non-'32 members, that there was an inner body of men in the '32 and that ~~the~~

Union affairs were cut & dried before being brought before the Union.

Mr Francis asked for an assurance that this inner circle would not continue but Mr Wickens denied its existence.

Mr Ridgewell said that although certain people objected to the secrecy of the club they themselves had allowed a matter, which they considered as important for the whole Union, to interfere with elections & cause unrest rather than call an Extraordinary Meeting by a demand of 10% of the Union.

Mr Soymer replied that no satisfaction would be obtained from such a meeting.

Messrs Marsh & Francis proposed that - - - -

No such club as the '32 Club should be formed again. Carried with 3 dissentients.

Mr Soymer complained that loose money was lying about in the Secretary's Room, and suggested that a stricter watch be kept.

Mr Robson suggested an auction sale at the end of each session of unclaimed lost property. It was stated that lost money was given to the finders after the lapse of 3 months if unclaimed.

The meeting closed at 2.30 p.m.

The President reported that he had seen The Principal who had advised S.C. to mention the matter to one or two members of the Senate rather than send a letter straight away; The Registrar therefore had been asked to hold up the letter temporarily.

b. Legal Right of Entry into Hall.

The President reported that after investigation by Professor Watkins it had transpired that the 'phrase' had nothing at all to do with entry into hall during the vacations but that since students are bound by College regulations to be in hall by a certain time, they cannot be said to have the legal right of entry. It was pointed out by SC members that such a rule does not apply to soldiers or nurses.

It was proposed by Jagger and seconded by Millington that the Machinery of N. U.S. be used to find out the definite regulations and the Sec. was asked to obtain forms from the Town Clerk of Southampton.

RR Lockens
President
10/5/37

Minutes of an Extraordinary General Meeting of the
Union in the Music Studio at 1.20 p.m. on March 16th.

Mr Wickens was in the chair.

Messrs Bell & A.H.M. Smith proposed the following motion:-

"We, the Students' Union of University College, Southampton, wish to join with the Students' Unions of Leeds & Manchester in protesting ^{to the Home Secretary} against the vicious sentence on Hugh Philipps of Leeds under the Sedition Bill."

The secretary read a letter concerning the matter from Leeds Petition Committee.

The Chairman suggested that it would be better for a resolution to be sent by individuals rather than the Union as a whole.

Mr Boymer suggested a motion from the Union would carry greater weight.

Mr Bell suggested that N.U.S. might do something but this should not preclude action by individual action by Unions. In answer to Mr Robson's objection to the political nature it was pointed out that the objection was to the severity of the sentences.

Messrs Bell & Smith proposed the deletion of the word
"vicious" - carried.

Messrs Smith & Vernon proposed the insertion of
"severity of" before sentence - carried.

Messrs Butcher & Morton proposed the deletion of
"to the Home Secretary" - carried 38-22.

Mr Young suggested that "Bill" should be "Act" -
agreed.

The motion was then carried by 61-19.

It was announced that the Leeds Petition could
be signed by individuals in the Secretary's Office.

Messrs Smith & Bell proposed that "We urge the
N.U.S. to take action in protesting against the
severity of the sentence on R.H.S. Phillips under the
Sedition Act" Carried.

118 Members were present at the meeting, this
satisfactorily constituting a quorum.

b. Right of Way through College grounds. Registrar had promised that the authorities were taking action to stop people using College grounds as right of way between Granby Grove & Univ. Rd.

c. Hospital Carnival.

Mr. Moir explained that as the Carnival was in "Pines" week, it was very difficult to make arrangements for students to participate; that after attending the meetings he could not see where students could be of much service. Agreed to let the matter drop.

3. Correspondence.

a. Letter from Sec. N. U.S. stating that as far as he knew the right to vote in the elections for University members was restricted to graduates on University Electoral list; that graduates of Univ. Coll. Southampton are entitled to be on London Univ. electoral list

From Miss O'Neill Sec of Choral & Orchestral Soc., asking that the grant from S.C. to the symphony concert should be raised this year from £2..10..0 to £3..18..0. or £4..0..0 (ie to foot the students' music bill) and in future years to £5..0..0. Mrs O'Neill added that the loss on the opera had been only 5/-

For The Junior Treasurer doubted Mrs O'Neill's statement about the loss on the opera - he thought it would be greater.

After discussion, it was felt by S.C. that the arrangements for this concert were rather nebulous, and it was agreed to ask a rep. from the society to explain to S.C. exactly how the concert was organised.

4.3. SC. agreed to re-arrange the agenda at this stage to enable Miss O'Neill to explain the exact position of the students with regard to the Symphony

Concert

Miss O'Neill stated that the Symphony Concert was run at the expense of College and considered that the students should pay for the music which they watch. In reply to questions from SC. members she agreed that the students' part in the Concert was only incidental — especially this year. It was felt by SC members that if a grant were made, the concert should be arranged in conjunction with the Choral & Orchestral Society. Miss O'Neill explained that if the students bought the music, it would be the property of the S. U. She stated that the Choral and Orchestral Society had kept within their allocation this year and that, if they had not paid bills outstanding from last year there would have been a profit of over £5" 0" 0

Proposed Amendment. Motion. That.

The S. C. is willing to pay for the music used by the students at the Symphony Concert, provided —:

- a) That the cost of this music does not exceed £5" 0" 0
- b) That the music remains the property of the S. U.
- c) That the Choral & Orchestral Society be consulted as to the programme which they will receive at the Concert.

Carried.

It was pointed out that this could not apply this year as the music had already been bought. It was proposed from the chair that SC should meet the cost of this year's music Carried

The Chairman thanked Miss O'Neill and congratulated her on her efficient secretarship of the Choral & Orch. Society.

Meeting adjourned at 6-45 p.m. until Friday 28th May at 4 p.m.
Friday 28th.

4. Correspondence

- a. From D.R. Pearce Sec of Socialist Society asking SC to call a meeting of the Students Union as soon as possible so that an interim report of the N.U.S. Congress on Graduate Employment could be given; Chairman stated that he had written to the N.U.S asking for an interim Report.

Mr Pearce asked in his letter whether the Soc. Soc could have a wall newspaper on Student Notice Board. SC felt that as space on the boards was very limited permission must be withheld until the possibility of acquiring further notice boards could be investigated. Prop. Henning Sec. Ridgwell that letter be sent to Pearce, to this effect

- b. From R E Wife stating that he would be ~~able~~ unable to attend S.C meetings this term owing to pressure of work due

to school practice

- e) From the Sec. I.S.S. giving particulars of two conferences - a conference on Journalism and the Annual Conference of the I.S.S. at Nice - and asking ~~that~~ ^{for} a student to be sent to the annual conference. The cost for the delegate would be about £3.15.0 + Travelling and other expenses.

SC felt that, since Newman had attended an I.S.S. Conference at Paris last Christmas, it could not really afford to send a delegate to Nice.

Having financed one delegate to an I.S.S. Conference, U.C.S. would do its part by making the work of I.S.S. better known among the students. Sec. was asked to write to the Sec. I.S.S. to this effect, and make further enquiries as to his proposed visit to Southampton.

5. Revision of Constitution

The various changes in the Constitution were approved by SC. (For changes see minutes of next General Meeting)

4. Wessex News.

Owing to the drop in sales the Finance

Committee recommended that Wessex News be sold for 1d. per copy to students, this to be tried as an experiment.

Messrs Bottom & Moir proposed ~~that~~ "The West Saxon" be discontinued and the material be incorporated in "Wessex News".

Mr. Gwymer complained that the additional subsidy for Wessex News if it were sold at 1d. could be used in better ways.

Mr. Dickens stated that the increased ^{net} cost ^{to the Union} would not be so great since West Saxon would be below its allocation.

Messrs Hemming & K.J. Newman proposed the amendment "one copy of West Saxon per annum, to be sold at 9d."

Miss Read suggested that Wessex News might be published fortnightly instead of weekly, & Mr. Smith suggested that freer discussion on political questions should be allowed.

If his duties proved too onerous he would resign from the position.

This was accepted without discussion and Friday the 8th October was made the last date for nominations to be received. The election was to take place on the 18th October.

2. Highfield 'Rag.'

The Secretary explained that a practical joke had taken place at Highfield at the end of last term, in the shape of a mock fire which had caused slight damage. The Principal had intimated verbally to the vice-president and secretary that he proposed to take disciplinary action if S.C. did not clear the matter up. After discussion a motion was carried, proposed Mr Gymer and seconded Mr Brown, that no action should be taken until the Principal officially confirmed this statement. In the event of the Principal sending for the vice-president, in the meantime, on this

question she was empowered to state that S.C. regarded it as a matter for hall discipline; that S.C. is surprised that the Warden of Highfield Hall should have reported it to the Principal after expressing her satisfaction after an apology last term and that she had left the matter over until this term.

3. Freshers' Social.

(a) Hightfield Rag. The President explained that the Principal had interviewed the vice-president and informed her that he regarded the 'Rag' as a matter for College discipline and was awaiting a satisfactory report from S.C., the alternative to which was a fine. (a) Highfield Rag. The President said that he and Mr Wickens had presented Mr Wickens's report to the Principal. The Principal had been satisfied and the embargo upon Highfields' privileges had been lifted. The Principal had pointed out his realisation of the distinction between the two separate spheres of discipline - in Hall and in College - and that his action had been taken, not because of the "Rag" itself but because of its implications, namely, that men have free access to a women's' hostel day and night. The Principal suggested that intending Raggors might be asked to appeal first to the President to see if a matter of such principle were involved, and further, that a General Meeting of the Union might be called to settle the matter amicably.

Minutes of an Extraordinary Meeting of the Union. Thursday Nov. 4th
at 1.20 in the Assembly Hall.

Mr Brown was in the chair.

- ① After a brief outline of the most fire alarm which had been staged in Highfield Hall during the last week of last Session, the chairman announced the matter had been finally settled by the fact that the Principal had accepted ^{and consequently the ban on H. H. was now removed.} a report by Mr Wickens on the ~~matter~~ whole affair. A letter from Mr Wickens on the subject of the report pointed out that no reflection had been cast on any individual or hall; that the rage in itself was considered ~~to~~ exceptionally good but objections had been raised because of the implications involved. He went on to suggest that if rage were confined to halls & houses of such a nature as to have no further implications or involve damage to College property, no action on the part of the authorities would follow & lead to misunderstanding on the part of students. His suggestion that a union official be consulted as to the likely consequences of any contemplated rage was strongly supported by the chairman.

- ②. The following resolutions received from U. C. W. Aberystwyth

were put before the meeting

1. (a) That the student body of U.C.W. absolutely considers the Japanese bombing of the Chinese civilian population to be inhuman & barbaric;
- (b) requests its Members to do all in his power to make the continuation of such action impossible;
- (c) that the student body shall immediately boycott all goods of Japanese origin.

Miss Betts suggested that the boycotting of Japanese goods would only be effective in removing the good feeling which exists between the trading parties of China & Japan & have no effect on the Japanese military party. Mr Pearce pointed out that the main import trade was in scrap to be used for armaments & suggested a government embargo on trade with Japan.

Resolution (a) proposed by Messrs H. Pearce & H. Smith (with the change from "U.C.W." to "U.C.S.") was carried with 1. dissensions.

Resolution (b) ~~was~~ was proposed by Messrs G. Archard & A. H. Smith. An amendment to "requests the 2 London Members & the Members of London University" proposed by Mr Campbell was ^{approved} ~~carried by 4 votes to 2~~ after a second

and the amended resolution was carried by 600.

Resolution 3 proposed Mervin Archard Smith was amended by Messrs Pearce & Collins by the addition of " & approval of government with a view to official action". The amendment was carried by 41 votes to 60 but the amended resolution was defeated by 40 votes to 37.

- ③ A letter from Miss Powell stating that the Library Committee had been forced to take a serious ^{view} action of the fact that 200 books had been found lying about the College Thalls without their entry as books on loan. was read & the president pointed out that unless students took more care to see that regulations were complied with, action would be taken. The Secretary pointed out that students as well as library staff were incriminated & Mr Newman reminded students that we are lucky in hall ^{loan} a library in which books are so easily accessible.
